hushfree.S

hushfree.S

HushFree.S is an acoustic pod with an acoustic class A according to the ISO 23351-1:2020 standard, with new lighting with an intensity of 500 lux at the level of the tabletop. It allows you to spend much more time meeting and chatting online while maintaining peace and quiet. The pod is designed for individual work, longer videoconferences and telephone calls. The pod has a desk with a manual top adjustment – this function is easy to use and does not require additional power. It lets you work either standing or sitting, which allows you to adopt an optimal body position during work. In just a few seconds, the user can change the height of the tabletop to the appropriate level adapted to the task at hand. Aesthetically designed side LED illumination of the user's face ensures that they are even better visible during video calls.

You can equip the hushFree.S pod however you want – with a comfortable stool or a work chair. The acoustic pod allows you to work even more efficiently and connect with people online wherever they are.

FEEL THE FREEDOM OF CHOOSING HOW AND WHERE YOU WORK!

PHONE CALLS, LONGER VIDEO CONFERENCES OR INDIVIDUAL FOCUSED WORK JUST GOT BETTER!

EXCEPTIONAL ACOUSTIC COMFORT

High class A acoustic comfort according to the ISO 23351-1:2020 standard for office acoustic booths.

BREATH EASIER – STAY LONGER

The new ventilation system in the pod circulates the air in the pod even faster, ensuring optimal working conditions.

EVEN BETTER LIGHTING FOR AN EFFICIENT WORKPLACE

The new LED lighting system in the pod provides lighting with a light temperature of 4000 K and 500 lux at the tabletop level for even more effective work.

SIT&STAND DESK

The booth has a desk with manual height adjustment, which ensures the possibility of both standing and sitting work. This feature is easy to use and requires no additional power supply.

MOBILITY – FEEL THE FREEDOM OF CHOOSING A LOCATION

The pod has built-in wheels, thanks to which it can be freely moved around the office without having to dismantle it.

NEURODIVERSITY – WE SUPPORT INTEGRATED TEAMS

The pod creates a working environment that takes into account the needs of atypical people in terms of work organisation, space, communication and perception.
